Dear Mr. Miller,

Thank you for your inquiry of June 17, 2017 about Course Outlines. I am pleased to respond.

In accordance with Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements, 2016, Section 5.3.2, course outlines must include strategies for the assessment and evaluation of student performance appropriate to the course type and to the range of students' learning needs.

The Achievement Chart is not required in course outlines, but may be included if appropriate. It is advisable that all inspected private schools review their last inspection reports that pertain to their Outlines of Courses of Study to ensure the instruction in their secondary school courses is delivered in compliance with Ministry of Education requirements.

Thank you again for your email. I trust this response provides the clarity you seek.

Sincerely,

A handwritten signature in blue ink that reads "Carol Telford".
